Service to High Priority Customers.)	

This matter comes before the Public Service Commission of South Carolina (the Commission) by way of a Motion of the Commission Staff for Approval of Proposed Emergency Gas Transfer Tariffs submitted to the Commission by the jurisdictional gas utilities pursuant to our Order No. 92-10 of January 9, 1992.

Under our Order No. 92-10, we required the jurisdictional gas utilities to file tariffs with the Commission in compliance with the Commission's guidelines as established in that Order. The purpose of the tariffs is to establish procedures to allow for the transfer of gas supplies during periods of supply shortages to protect service to high priority customers. As a result of Commission Order No. 92-10, the Commission received tariffs filed by South Carolina Pipeline Corporation, South Carolina Electric &

Gas Company, United Cities Gas Company, and Piedmont Natural Gas Company. The Commission has examined each tariff and has accepted comments on said tariffs. Although Order No. 92-10 called for a conference of the parties prior to the Commission's review of the tariffs filed in this docket, the consensus of the parties was that no conference was necessary.

It is therefore the opinion of this Commission that all tariffs submitted by the jurisdictional gas utilities under this Docket are reasonable and should be approved as submitted, and that this Docket should be closed.

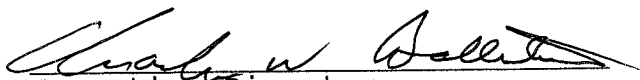

IT IS THEREFORE ORDERED:

1. That the emergency gas transfer tariffs submitted under this Docket by South Carolina Pipeline Corporation, South Carolina Electric & Gas Company, United Cities Gas Company, and Piedmont Natural Gas Company are hereby approved.
2. That this Docket is hereby closed.
3. That this Order shall remain in full force and effect until further Order of the Commission.
